ASME

SAN DIEGO STATE UNIVERSITY

Clear Blue Sea

FEA Workshop

Takeaways:

1. You control computer programs, don't let them control you
2. Anyone off the street can be trained to input values and click a solve button. It takes an engineer to verify the solution is reasonable.

Upcoming Events!

- **3rd Annual pumpkin drop**
  - **Today!! @ 1-3pm -** Come stop by in the Union after meeting!
- **Ballast Point tour this Friday!**
